

Download zedmed template from Resleep website:

<https://www.resleep.com.au/referral-information>

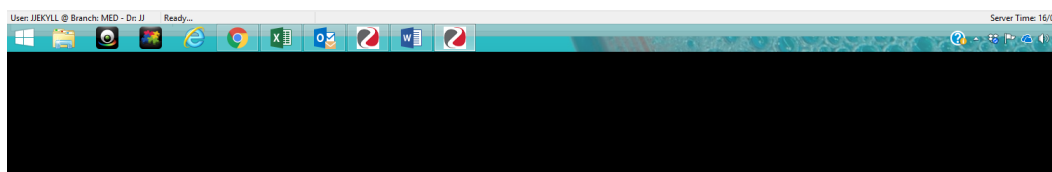

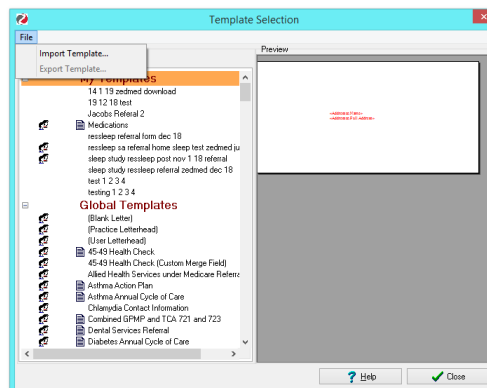

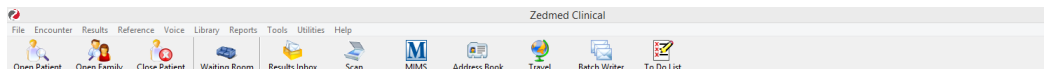

ensure that you DO NOT open the template outside of Zedmed program

Open clinical menu in Zedmed

- Tools
- 'Clinical WP setup'
- WP templates

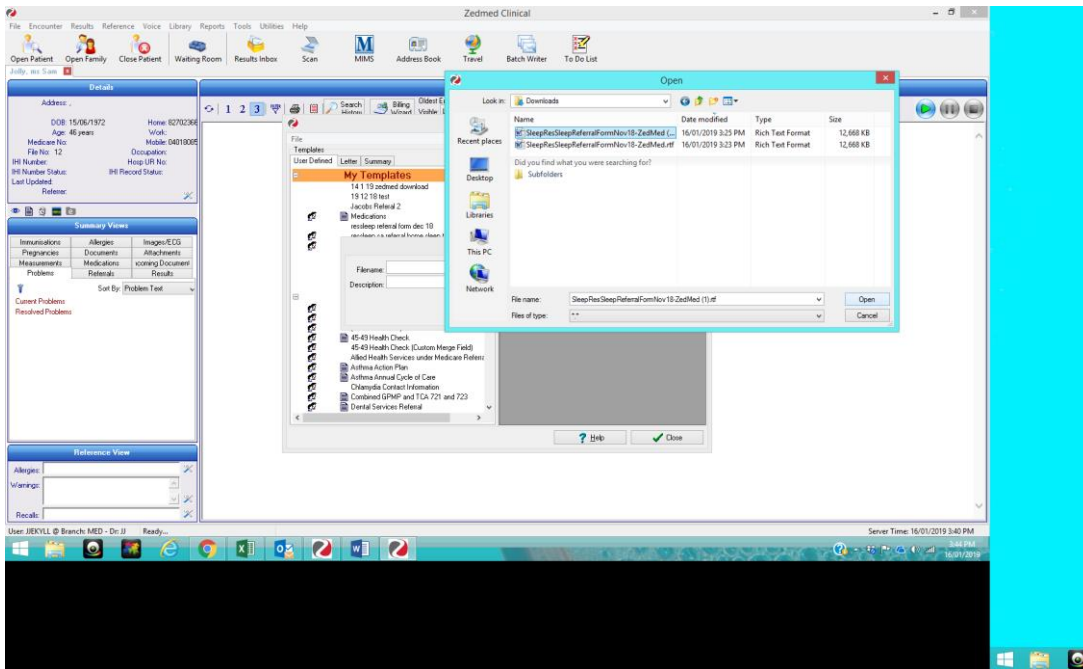

- Select 'file' (top l) hand corner of drop box
- Nominate to Import template – select 'browse' – look in your usual download location

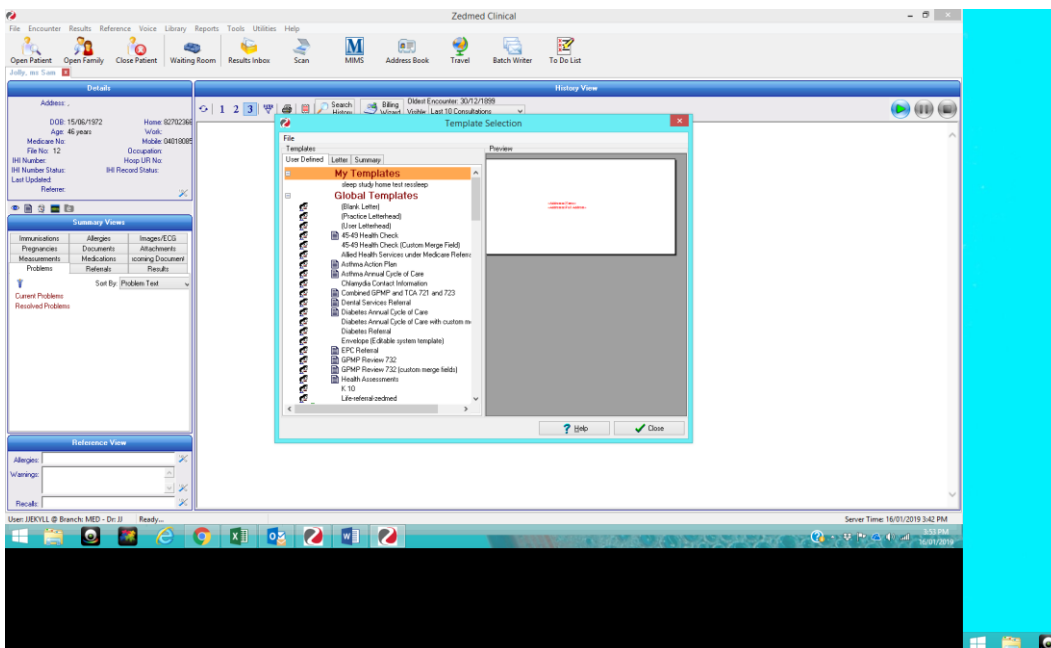

- Select the file then click 'open'

- Under 'description' record 'sleep study home test ressleep'
- Click OK

- The template will now be updated to your 'my templates' for easy access.

To test:

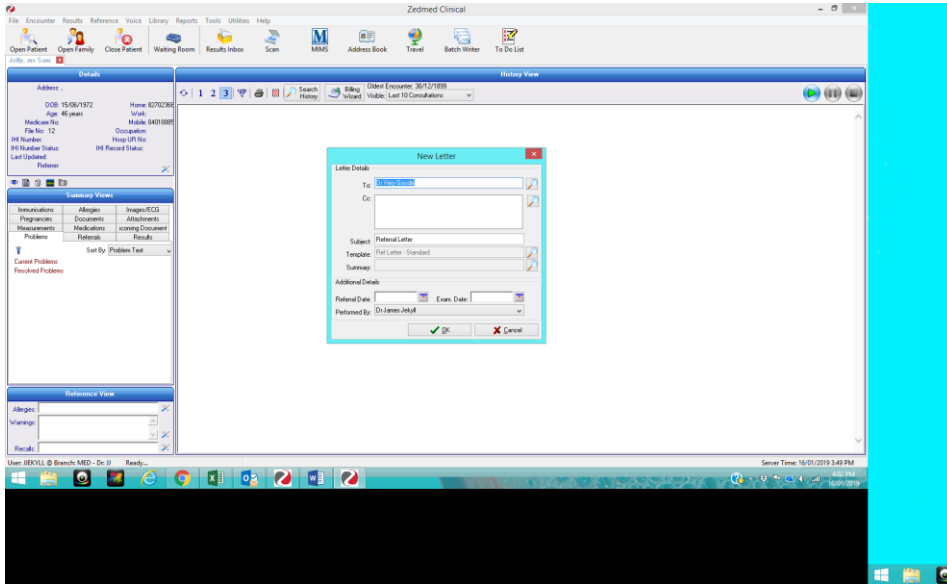

Open a patient

Click on the 'quick docs' ICON 

Select 'new letter'

Nominate 'templates'

You will then see the ResSleep template listed under 'my templates'

Nominate the ressleep template and voila!
